Enclave Sorrento after renovation

Renovation Completed At Enclave Sorrento

McCarthy Cook and partner AllianceBernstein have completed the renovation of Enclave Sorrento, a two-building office technology property located at 9808 and 9868 Scranton Road in San Diego. The upgrade elevated the property from Class B to Class A.

The \$38 million renovation included a new, five-story parking structure, two-story glass enclosed lobbies, new hotel-grade restrooms, a café and tenant lounge with a fold-away glass wall system and large screen televisions and a fitness and yoga center with locker rooms.

Enclave Sorrento tenants will also have access to a shuttle service from the Coaster and a shared free bicycle program.

Gensler provided architectural design for Enclave Sorrento and DPR Construction provided construction services. The property is being marketed by JLL.
